

Agenda Briefing

August 7, 2019

Please note that while the meeting starts at 6:00pm, the Board will begin with an executive session which is expected to conclude at 7:00pm.

Most of the agenda is self-explanatory. However, I would like to note that the Byers Peak Ranch Filing 1 is being presented to the Grand County Planning Commission and County Commissioners for consideration. As these public hearings are being scheduled, we are bringing this matter before the Town Board for consideration of any comments the Board would like to provide to Grand County.

As always, feel free to contact me if you have any questions or need any additional information.

Jeff Durbin
