

Emergency Small Business Assistance Fund Process

- Grand Foundation recommends a committee made up of one person from each town/county to help with the process. In setting up fund with the Grand Foundation we will have myself and one Board Member be on the committee for transparency.
- Grand Foundation takes in all applications, reviews them in their entirety
- Committee is given a spreadsheet of requests without names but will include locality. Committee will review grants to ensure distribution across the entire county.
- Committee recommends approval all grants to be awarded out
- Grand Foundation Board approves fund distribution recommended by committee.
- Checks are cut by Grand Foundation and mailed out to the vendor that needs to be paid (i.e. landlord, mortgage company and or utility assistance companies).
