What relevant experience, skills, and/or talents do you feel would help you be a contributing member to this committee?	35 year business career, leadership skills, experience as chair of the committee, working artist.

What do/would you enjoy most about serving on this committee?	Making an impact on our community in a way that seems to resonate with most of the residents and visitors. Secondly, connecting with young people and helping build a sense of pride and excitement in their town, along with a realization

that one can make a career or advocation out for art.

What do/would you enjoy least about serving on this committee?

At times, the politics get in the way of swift progress....but that is life.

What is the purpose of the committee?

Be the catalyst to enhance the quality of life of the Town via the arts and creative expression.

What are the goals of the committee?

Enhance the quality of life of the Town via the arts and creative expression. Secondly, and while not a goal stated to the PAC explicitly, I view a goal being to promote Fraser as a destination for residents and visitors alike, with a unique, creative, vibe.

What interests you about serving on this committee?	I have loved every bit of the last 2 years serving on the PAC. I feel like I've been able to deepen my connection to the community and gain new insight through the other members. I am grateful for the opportunities to bring more art to our little town with events, sculptures, and more! I look forward to all the exciting endeavors in the future!
Why should the Town Board consider you for appointment/reappointment to this committee?	I feel confident in my contributions to the PAC as I have been able to provide more arts programs through my employment with the Fraser Valley Rec with afterschool art programs, mural camps to paint the snow blades for the town, and engagement with the youth to support the efforts of the PAC. I intend on continuing to grow that engagement and participation with our community. I have also had a hand in starting up the Fraser Valley Arts 501c3 for which I also serve on the board.
What relevant experience, skills, and/or talents do you feel would help you be a contributing member to this committee?	I am comfortable working with the current PAC team and feel we have made big strides in building up our events and art. I feel that we share a mutual respect that enables us to be productive and creative, and that we are still growing!
What additional skills, knowledge, and/or	I believe my current engagement with the arts, largely with the children, supports my desires for the PAC's participation

and growth within the community. I also think that my time and experience locally helps with understanding our community's culture and personality, which needs representation.

What do/would you enjoy most about serving on this committee?

I enjoy every part of the PAC; the sculptures, the murals, the planning and prepping for events, the community engagement. The Mural Fest has been so fun to plan and grow each year.

What do/would you enjoy least about serving on this committee?

I haven't found any downsides to being on the committee yet. The flexibility of zooming into meetings if needed is great. Our levels of commitment are very flexible and sustainable.

What is the purpose of the committee?

I believe the purpose of this committee to be the voice of our community, for making the arts more visible, for adding more color to our community spaces.

What are the goals of the committee?

We are here to bring more attention to the arts and our community. As a committee, we aim to create new opportunities for artists as well as a fresh environment for people in the town, both residents and non.
