What interests you about serving on the board of the Fraser River Valley Housing Partnership?	I am passionate not only about my community and the health of our economy, but the locals that make this community so special in the first place. Our workforce employees are what keep the towns and businesses running and should be made a priority. I want to be able to make living here a stress-free experience for our workforce so they are able to enjoy the sheer beauty and amazing perks of living in Grand County.
Why should the Town Board consider you for appointment to this board?	Being in real estate I have a good grasp on the housing market and believe I can be an asset to the board when discussing market trends and statistics. The housing crisis is close to my heart because I have watched friends and valuable colleagues either consider moving or have moved out of the county due to lack of housing and cost of living. We can't afford to lose any employee especially ones within the school system.
What relevant experience, skills, and/or talents do you feel would help you be a contributing member to this board? What other, if any, civic organizations are/were you involved in and	I have had experience in being a first-time home buyer in this market both personally and professionally. When I purchased my home last year I was fortunate to qualify for the Grand Foundation's down payment assistance grant. Not only have I gone through this process first hand, I was able to help two local couples become Grand County homeowners through the Housing Authority DPA program alongside the Grand Foundation's DPA grant.

what are/were your accomplishments?

Why do you think you would be a good fit to serve as a member of the board?

I know I will be a good fit for this board because I am able to work creatively and effectively as a team player to collaborate solutions, systems and programs to make this Housing Authority beneficial for all county residents. I have always been driven to help others and would like to be able to make an impact on my community.

I have submitted to the County and WP.
