(a) State requirements. Medical marijuana businesses must at all times comply with the regulations and requirements contained in the MM Code and MM Regulations with regard to applications, licensing and operations of licensed premises.

(b) Location. Medical marijuana businesses shall only be located on property within the Business District **or a planned development district**. Medical marijuana businesses are not permitted within any other zoning district or within any building that contains a residential dwelling or lodging unit. Medical marijuana businesses shall not be permitted to operate as home occupations.

(c) Separation requirements.

(1) No medical marijuana business shall be issued a license if, at the time of the initial application for such license, the proposed location is:

a. Within one thousand (1,000) feet of any educational institution or school, either public or private;

~~b. Within five hundred (500) feet of any existing medical marijuana business, whether such business is located within or outside of the Town; or~~

~~(2)~~ **(3)** The distances set forth in this Subsection shall be computed by direct measurement in a straight line from the nearest property line of the land used for the purposes stated above, respectively, to the nearest portion of the building in which the medical marijuana business is located. The locational criteria contained in this Subsection shall apply to all proposed changes in the location of an existing license.

(d) Advertisements. Advertisements, signs, displays or other promotional material depicting medical marijuana uses or symbols shall not be shown or exhibited off the premises. No signage associated with a medical marijuana center shall use the word "marijuana," "cannabis" or any other word or phrase commonly understood to refer to marijuana. No signage may display photographs or other representations of marijuana plants.

(e) Indoor operation. All medical marijuana dispensing, production, cultivation, manufacturing and storage activities shall be conducted indoors. Products, accessories and associated paraphernalia shall not be visible from a public sidewalk or right-of-way.

(f) Inspection of licensed premises. During all business hours and other times of apparent activity, all licensed premises shall be subject to inspection by the Chief of Police, the Building Official or the authorized representative of either of them for the purpose of investigating and determining compliance with the provisions of this Article and any other applicable state or local law or regulation. Such inspection may include, but need not be limited to, the inspection of books, records and inventory. Where any part of the premises consists of a locked area, such area shall be made available for inspection, without delay, upon request.

(g) Additional requirements. Medical marijuana businesses shall be subject to the following additional requirements:

(1) The business may only be open for the sale or distribution of medical marijuana during the hours of 8:00 a.m. to 7:00 p.m. **unless the Board of Trustees authorizes extended hours of operation to no later than 12:00 a.m. as a provision of the license. All medical marijuana businesses shall be equipped with a proper ventilation system that filters out the odor of marijuana so that the odor is not capable of being detected by a person with a normal sense of smell at the exterior of the medical marijuana business or any adjoining business, parcel, or tract of real property. All applicants for a new medical marijuana license shall submit a ventilation and odor mitigation plan with their application, which shall be subject to review and approval**

**by the Local Licensing Authority prior to issuance of a new license. In case of an existing license for which no ventilation and odor mitigation plan has been approved, such a plan shall be submitted with the next renewal application submitted for the licensed premises and shall be subject to review and approval by the Town Manager or his or her designee as part of the renewal application. The Town Clerk may refer such a plan submitted with a renewal application for review by the Board of Trustees, which shall conduct such review, with or without a public hearing, and the decision of the Board shall be final. The lack of an approved ventilation and odor mitigation plan shall be grounds for denial of a new license or renewal of an existing license. Failure to install or maintain the ventilation system required by an approved ventilation and odor mitigation plan shall constitute a violation of this Article and shall be grounds for suspension or revocation of a license.**
